2021 Annual Meeting

The Annual Meeting will be on Thursday, October 21 at 6:00 pm. All members are invited to attend to find out about the state of your club and the latest updates on the parking lot and course construction.

Remember to mail in your ballot for the next slate of board members. You can drop off your ballot at the club – the ballot box will be in the downstairs hallway outside the locker rooms.

ON COURSE

As you noticed we aerified the greens at the end of September. This process is a necessary inconvenience that allows us to push the conditions of the greens as far as we do during the summer. When we pull the plugs and replace them with columns of sand, air and water can use these channels to keep our greens healthy. A look on the bright side is we only aerify once a year due to our short growing season.

I know there are some members who feel replacing the irrigation is not necessary because the course never looked better. I appreciate the compliment, but let's compare it to driving a car with three hundred and fifty thousand miles. It's leaking oil, it is smoking, the tires are bald, and the battery is five years old. Every year we drive this car to New York City and back. We stop at every station along the way trying to find a mechanic to fix that banging sound. I think you know what I mean. Being stuck beside the road in this business is not an option. Thanks to all who supported the new system. I personally can't wait to start improving the course. Trenching starts soon. See you on the course.

Scott McMillion
Golf Course Superintendent

The Ladies Golf Association Needs You!! Board and Committee members are needed for the 2022 golf season! Sign up sheets are in the ladies' locker room.

FROM THE PRO SHOP

Fall has arrived and so has the best time to play golf. The course is still in excellent condition and there are a lot of open tee times. This is a great time to work on your game and incorporate changes if needed in your golf swing. We will be putting together a winter program for those who want to continue improving in the off-season. More details will be available on dates and pricing in the November Cheers.

The days are getting shorter and cooler so please take notice of the October golf shop hours:

October Golf Shop (depending on weather & activity, beginning Mid-October)

Monday – Friday: 9:00am to 5:30pm

Weekends: 8:00am to 5:30pm

*** If there is a possibility for a frost delay, please call the Pro Shop prior to coming out***

As a reminder, all golf shop credit must be used up by October 31st. This also is a great time to think about Christmas gifts for your family and golfing buddies. We have lots of ideas for Christmas from personalized golf balls to the newest clubs for 2021!

As always please remember to repair your ball marks and sand-seed your divots.
Thanks again for your support and feedback. Have a great month!

Jayden Bruun, PGA Interim Head Professional

OCTOBER HOURS OF OPERATION

The summer season is officially over and we will be switching over to our fall hours of operation. Please make note of the changes.

Monday – Closed
Tuesday – Friday – Open for Lunch and Dinner
(no ladies day or men's day closures)
Saturday – Open at 8:00 am for Breakfast.
Open for Lunch and Dinner
Sunday – Open 8:00 am – 3:00 pm for Breakfast & Lunch.
Bar and Restaurant will close at 3:00 pm.

CASPER COUNTRY CLUB

FROM THE GENERAL MANAGER

Fall is officially here and there is a lot going on at the Casper Country Club.

As I write this months' Cheers Article, big earth moving pieces of equipment are driving outside the window of Alena's office. For those of you who have not been out to the club in the last week, the old parking lot is gone and all you see is a lot of dirt. The retaining walls have been removed and they are in the process of recontouring the parking lot. I know for those of you that have come out it has not been easy to access the club. With all good things come some sacrifices. The Parking lot is scheduled to be completed by November 15th. With that being said the next 6 weeks will be challenging, but when the project is completed, we will have a brand-new front entrance to our Country Club home that all members can be proud of. When accessing the club, please park on the tennis court side of the parking lot and walk down the path between the pro shop and cart bar, along the front of the pro shop, under the scoreboard and up the serpentine path to access the side door.

Workers from Landscapes Unlimited, our Irrigation Contractor, are on site. Currently they are "welding" the HDPE Pipe together for the main lines. This is a fascinating process. There are different diameters of mainline pipe on this project; 12", 10", 8" & 6". These pieces of pipe come in 50' sections, 2 pieces are clamped together and fresh ends are cut on both sections of pipe in order to have a clean surface to weld together. The "heat plate" is then placed between the 2 pieces of pipe and each end is heated up to 450 degrees and with precise pressure the 2 ends are joined together, this "weld" is actually stronger than the pipe itself. Now imagine the mainline running the length of number 7 fairway, Hole 7 is 385 yards or 1155 feet, which equates to 23 pieces of 50-foot pipe being "welded" together to create the mainline for hole 7.

You will see three trailers parked by the restrooms at the tennis courts for the next several months. These are to house the workers that are installing the irrigation system. By having the trailers on property we are saving a lot of money on short-term rent (which is not available in Casper).

The last couple of weeks myself, Rene Grogan (Restaurant Manager) and the shift managers in the restaurant have been having detailed meetings to increase the quality of service in the restaurant. We are implementing these policies and procedures with the current staff. I think that we all can agree that change takes time, but rest assured we are working diligently to change the way we operate the restaurant. Our goal is to provide you with a dining experience that all members can be proud of.

Bob O'Neill
Interim General Manager

SPOOKTACULAR HALLOWEEN BALL

Saturday, October 30th
6:00 pm
$35 per person or $60 per couple
RSVP 307-235-5777 x4

Come join us for our Spooktacular Halloween Ball and dance the night away with a local DJ!

There will be a taco buffet, specialty spooky cocktails and a costume contest with great prizes – so don't forget to come dressed up in your best costume!

Make sure to visit Bryon Grey, the Mind Reader, in the Carnoustie Room! He will be sharing strange tales, unusual objects and tarot readings.
