## ON COURSE

This week we passed the center of meteorological winter. Time to stop patting ourselves on the back and make ready for another season of golf, swimming, and tennis. We are putting together final details of an irrigation system proposal so the membership can decide on moving forward with this major infrastructure improvement. So here we are two seasons in, I've learned a lot about growing grass at the base of Casper Mountain. We are refining agronomy methods to build a more consistent golfing experience and build on the health and quality of our turf.

I hope everyone is wintering well, small opportunities to start work on the golf course are about 40 days away. Bridges, cart path improvements, and bunker work will lead the way. We will be putting our new tree sprayer to work on calm days to ensure against the needle cast fungus that infected our spruce trees last winter. Lots on the list...

## FROM THE GENERAL MANAGER

Welcome back to the Club! We thank everyone for your patience and understanding during our recent “shutdown”. The necessary deep clean and remodeling has been completed and we are looking forward to getting things back on schedule. It will be nice to see you all back here to enjoy our breakfast, lunch and/or dinner offerings again with family and friends.

Remember, the 2021 Pre-paid dues incentive package is available through Friday, February 12<sup>th</sup> in every membership category for members who wish to pre-pay their yearly dues. I want to thank the 95 members who have already taken advantage of the program in 2021; this is a great help to club operations during the winter months. Please call the administrative office and ask for Alena or me for further details on the program.

Our first club event will be a Super Bowl party on Sunday the 7<sup>th</sup> starting at 3PM. Please see the flyer in this newsletter. This year we will be celebrating Valentine’s Day on Saturday the 13<sup>th</sup> and Chef Richard and his culinary team have created a special menu with several delicious offerings sure to please every palate (see page 4 for the full menu). Because of COVID restrictions we will not be offering childcare for this event. Reservations will fill up quickly and are required.

Lastly, an area all clubs need is Membership participation in – recruitment! The Board approved a Membership Drive for February and March 2021 that will attract new members. During this drive the Board is waiving the initiation fee for all categories with a signed commitment of being a member for 2 years. To stay financially strong and to maintain the Clubhouse, Golf Course, Pool, and Tennis facilities properly we need a solid membership. If you have any questions, please give me a call or stop by my office anytime.

Dale Telford, GM
