CASPER COUNTRY CLUB

FROM THE GENERAL MANAGER

I hope this finds everyone well and all had a wonderful Christmas! I would personally like to wish everyone a Happy and Healthy 2024.

The 2023 Christmas Season was a great success. We hosted 26 Christmas parties in 21 nights and the reviews were awesome. We are already booked for the 2024 Christmas Season. I would like to Thank Jennifer, Kristen, Chef Matt and each of their respective staff for all the effort during this busy time.

Those of you that have come out to the club the week before Christmas have seen our new entry feature. This sculpture was generously donated by the Bonander Family (Inter-Mountain Pipe & Threading). The lighting for the sculpture was donated by Steve Sprecher (Sprecher Electrical). The artist for this beautiful sculpture was Cal Fenton (CF Metal Works). I would like to personally thank all of those that contributed so generously to our new entry feature.

We will be closed January 1st through Friday, January 12th for deep cleaning in the restaurant and the kitchen. When we reopen on Saturday, January 13th. Saturday night, January 27th is the very popular family bingo night, please call Jennifer or Mary to reserve your spot.

Stay safe and see you soon at the club!!!

KRISTEN'S CORNER

Happy New Year!!! I can't believe it's January already and am slightly confused as to where 2023 went. Regardless, whether you traveled or stayed home for the Holidays, I hope everyone had a safe and Merry Christmas!

The Restaurant will be closing for our annual deep-cleaning January 1st through January 12th.

Regarding Chef Matt's changes to our menu – I want to thank the Membership for their patience and willingness to support Casper Country Club's decision to put these changes in place. It had been quite some time since our menu changed and we've heard positive feedback and great suggestions for methods of improvement. The Restaurant plans to rotate new menus on a regular basis to ensure we continue to improve and provide a variety of quality food that suites the Membership's palates.

These changes have provided both the Restaurant and Kitchen staff with a better understanding and appreciation for Chef's talents and the Membership's preferences. Nevertheless, I always encourage the Members to continue to provide any and all feedback so that the Restaurant can continue to improve/elevate our standards of food and service quality. Myself, Chef Matt and Bob have been eager and receptive to the Membership's feedback and have plans in place to ensure that we will continue to elevate our level of food quality while incorporating the Membership's feedback.

On another note, January through March has historically been a slow season for the club. With that being said, I encourage the Members to join us during this slow time (we miss seeing all the friendly faces), and it also gives us the ideal time and opportunity to incorporate improvements in the Club's food service and quality.

Cheers to the New Year, and may 2024 be filled with friendly get-togethers, excellent weather and blessings.

Kristen

C A S P E R COUNTRY CLUB

FROM THE BOARD OF DIRECTORS

Dear Members of the Casper Country Club,

We hope this message finds you in good spirits and health. Today, we must address a subject that is vital for the continued excellence and operation of our Club - the adjustment of our membership dues.

For the fourth consecutive year, we find ourselves in a position where increasing the dues has become necessary. We understand that this decision may bring varied reactions, and we want to assure you that it was not made lightly. The Board has undertaken extensive deliberations and examined various alternatives before arriving at this conclusion.

The driving force behind this decision is the relentless rise in the cost of goods, a trend that unfortunately shows little sign of retreating. These increases impact all aspects of our Club, particularly our cherished member dining experience in the restaurant, which faces its own challenges due to inconsistent usage and the inherent seasonality of our operations.

In considering the dues increase, the Board was mindful of the impact on our valued members. The State of Wyoming's Cost of Living Adjustment (COLA) calculation permits an increase of over 4% this year. However, in an effort to balance the need for financial stability with the interests of our members, the Board has chosen to implement a lesser increase.

Simultaneously, the Board has tasked management across all departments with a critical mission - to enhance revenue generation and improve margins. This directive is not merely about increasing dues; it's a comprehensive strategy aimed at ensuring the sustainability and enhancement of the Club's offerings while maintaining our commitment to excellence.

We believe these steps are crucial for the future of the Casper Country Club. They will enable us to continue providing the high standard of services and facilities you have come to expect and cherish.

We appreciate your understanding and continued support in these challenging times. Our commitment to providing an exceptional Club experience remains unwavering, and we are confident that together, we will navigate these changes with the grace and resilience that define our community.

Warm regards,

Board of Directors, Casper Country Club
