FROM THE GENERAL MANAGER

I hope that this finds everyone well and excited to start playing golf and be done with the snow! Adam and I went for a tour of the course, and I am happy to report that the course wintered well. Adam has removed the green covers and we have already had some members go out and play. The grounds crew continues to work on the course picking up sticks and doing what they can for the course so that we are ready to go when the weather fully cooperates.

The restaurant reviews have been outstanding. Chef Matt, Kristen and their respective crews have been doing an outstanding job. If you have not had an opportunity to come out and try Chef's cuisine you are definitely missing out! If you have any special events coming up and need a place to host your event, please call Jennifer to see if our event calendar is available.

We have a lot of events planned over the next couple of months, so please make sure to read "This Week at your Club" to keep up with all the exciting events to come.

Todd and Brad have just finished up with the winter program and are starting to receive inventory for the season. We received our new fleet of 2024 Yamaha Golf Carts, and they look amazing. The new fleet consists of 60 carts, and we have kept 12 carts from the previous fleet for a total of 72 carts. This will enable us to meet the demands of certain tournaments without having to borrow carts.

Thank you and I hope the warm weather is just around the corner. Hope to see you soon and often around the club.

Bob O'Neill, General Manager

ON COURSE

April is right around the corner and the golf course is open. We are working on cleaning up debris from the winter months. We got the blowers and sweepers out on the golf course and started the process. The end of the month of March was productive for us out on the golf course. All greens covers were removed with the warm temperatures we had and they seemed to have wintered well. Pallets were also taken out of bunkers. There is a lot of detail work that needs done in bunkers so bear with us as we work to get them in playable shape. We also pressured up the irrigation system and have been able to start watering all areas of the golf course.

Looking forward to seeing everyone back out on the golf course!

FROM THE PRO SHOP

Greetings Everyone!

Spring has arrived! The greens are uncovered, pallets are out of the bunkers, and we are now just waiting for the grass to grow a little faster. Before we know it, the course will be in excellent playing condition.

This year's first event is the Men's Kick-off on Saturday, May 4th. Breakfast will be at 8:30 AM, and a shotgun start will be at 10:00 AM. The golf shop will make the pairings.

The Little Dilly Member-Guest has filled up again in another record time. This is a testament to the fantastic 2023 event, and the Little Dilly committee deserves a shout-out for their hard work. Although the Little Dilly is currently full, we strongly suggest that you register for the waiting list, as there is still a chance you could get into one of the season's best events.

The Junior Golf Program will continue using the American Development Method, "ADM." This year's program will offer a four-day golf camp with athletes ages ten and older from 8:00 AM to 10:00 AM and nine and under from 10:00 AM to 12:00 PM. We will run two camps throughout the summer. The 1st camp will be held on June 17th-20th, and the 2nd camp is July 22nd-25th. Your athlete can participate in either camp or both. The Junior Club Championship is on August 5th. Thank you in advance for your participation! Junior Golf information packets and sign-ups will be available on May 1st.

We will continue the Advanced Junior Program along with the Junior Program. If you have a Middle school-aged junior player who would like to further their skills, please call the golf shop for more information.

Many of you have been working on your game, whether participating in the winter lesson program, playing in the simulators, or traveling to warmer weather. I want to remind everyone that April is a great time to evaluate your clubs and grips. Please call the golf shop or stop in to discuss how we can help prepare your bag for the season.

April Shop Hours: Weekdays – 9:00 AM to 6:00 PM Weekends- 8:00 AM to 6:00 PM

*Depending on weather and activities

Thanks for reading, and we look forward to a fantastic 2024 golf season!!
